These as all that upon W. W. Corcoran, Esq., others in fact spend much time in the mineral district. since he has been in Washington.

The new administration has gone to work in a thorough, practical comprehensive way to make such changes in the management of the business as will facilitate its transaction, save time and money, and better accommodate the immense number of people who have business with the government. This is the beginniug of an already well defined and what promises to be an exceedingly energetic and successful policy. It is also a matter of the first. Importance to which little, if any, grown in her soil. Her commissionconspicuous attention has been givjust the finest specimens of her pro-

en for several administrations past. The Republican party, like an old tenant, had become careless of its trust and had allowed the property to run down, as it were, or at least to go unimproved. It was comfortably fixed, in full possession of the patronage and power of the government, with what it seemed to think was an indefinite lease in prospeci.

That both the need and reformtion s made evident by the number of important steps which the new administration is already taking and others which are complated. The doctrine of letting well enough alone, to which its predecessors adhered, is a loose and dangerous doctrine. It is believed that by the various plans of buildings and other natural and notre-organization are perfected which the heads of the departments have in view, the offices will be willed acceptably to the party and the salaries attaching to them will be honestly
